

## Evidence Piles Up Against Russia

By HARRY FERGUSON  
UP Foreign News Editor

Russia continues to deny she had anything to do with starting the Korean war, but evidence to the contrary is piled up all over the battlefield.

United Nations troops now have captured enough Russian-made equipment of war to outfit a dozen divisions. Lots of it was manufactured in and bears the stamp of Russian factories.

Here is a United Press tabulation of the enemy weapons captured:

\$4.45 per share of outstanding stock. The report showed net income of \$14,881,400 or \$0.331 per share before taxes, and net income after state and federal income taxes of \$10,414,876 or \$0.45 per share on the 2,340,081 shares outstanding. Net income for the first nine months of 1949 after all charges amounted to \$6,422,441, or \$2.75 a share on 2,340,081 shares.

Cul T. H. Barton, chairman of the board, said "substantial increases are reflected with figures for the nine months showing sales revenue up 26 per cent and net income up 62 per cent."

Submachine guns, 23,858  
Heavy machine guns 21,917  
Light machine guns, 5,007.  
Vehicles, 2,773

The other equipment includes self-propelled guns, howitzers, mortars and anti-tank weapons.

got their weapons is a subject the Russians never allow to enter into a conversation. The question came up not long ago in the United Nations when American Delegate Warren R. Austin pulled out from underneath his desk a Russian "burp" gun, or light machine gun.

He explained it had been captured in Korea and he invited the other delegates to note that it bore a stamp saying it was manufactured in Russia this year. All the delegates except one examined it with interest. Jacob Malik, the Russian delegate, walked out when the weapon came around to his seat.

Outside of providing proof that Russia is the arsenal of international communism the captured equipment will be of little use to the United Nations force. No other nation uses ammunition that fits the bore of Russian guns. The South Koreans may be able to use some of it in mopping up Red guerrillas, but the guns will be no good when the Russian ammunition is gone. A lot of the Russian guns probably will find their way to the United States as souvenirs.

Russia was generous to the Korean Communists with everything except airplanes. There were between 300 and 400 Russian-made Yak fighter planes on Korean air fields when the Communists began their invasion on June 25. Those planes and the Red tanks were the main factors in the rapid advances the Communists made. The South Koreans could not stand up against them.

But as soon as the United States intervened in the war, the Russians made a quick appraisal of the situation and decided to cut their air losses. Overnight the Yak planes disappeared from the skies and the United States air force held the line against the Reds until U. N. ground reinforcements could arrive.

Samuel F. B. Morse, inventor of the telegraph, also was an artist. Isaac Newton's experiments in 1666 determined that all the colors of the rainbow are present in pure white light, such as sunlight.

Paul Nipkow, German scientist who died in 1940, is regarded as the nearest to the "inventor" of television because of his development of the scanning disc, basis of transmission of pictures.

## Playwright Shaw Believed to Be Dying

Ayot St. Lawrence, Eng., Nov. 1. — (AP) — George Bernard Shaw lapsed into what seemed to be his dying coma today.

The 84-year-old playwright lost consciousness at 3 a. m. (9 p. m. CST Tuesday). A few hours later his breathing became labored and heavy. At 12:20 p. m. he was still unconscious and the spark of life flickered weakly.

The old Irishman, best known playwright of modern times, suffered a relapse Sunday seven weeks after he underwent two operations, one for a kidney ailment and one to pin together the thigh bone he broke in a fall in his garden on Sept. 8.

He is in his home, Shaw's corner, in a ground floor sick room.

## Steel Official Sees Higher Prices, Wages

New York, Nov. 1. — (AP) — The nation's top steel officials agree that higher wages, followed by higher prices for steel, are a definite possibility for the industry.

But in advance of this eventuality, their boards of directors have ordered a bigger share of present profits paid to the common stockholders of their companies.

U. S. Steel Corp., the giant that produces about a third of the country's steel, acted yesterday. Holders of "big steel" common will receive \$1.50 a share on Dec. 9, compared with 85 cents in previous quarters this year.

Last Thursday Bethlehem Steel Corp., No. 2 in the industry, ordered a \$2 dividend for its common shareholders payable Dec. 1. Preceding payments were 75 cents.

Irving S. Olds, chairman of U. S. Steel, told a news conference yesterday that since many other industries have granted increases in wage rates "we may have to do something similar." And he added: "If there is a substantial wage increase, then I don't see how you can escape a price increase." Already, he said, prices paid by the corporation for materials have been increased the equivalent of \$3.50 a ton of finished steel since June 1.

After his second call, he told waiting reporters: "His condition is the same. There is no change."

Virginia-born Viscountess Astor, an old friend, drove out from London to spend an hour at his bedside last night, stroking his brow to soothe him.

"Oh, Nancy, I want to sleep," he told her.

## Steel Official Sees Higher Prices, Wages

The steel companies now are negotiating on wage demands by the steelworkers' union.

Phil Murray, president of both the steelworkers and the CIO, never has given a public dollars-and-cents figure on the steelworkers' demands. Neither has U. S. Steel disclosed any offer. Industry and union sources have rumored the demand will be 25 cents an hour raise for the steelworkers who now average of \$1.70 an hour.

Before the wage negotiations began — at Murray's request before the Nov. 1 contract-specified deadline — the steelworkers' chairman said he felt his union's members should be given a "substantial" increase in view of the industry's "fantastic" profits.

E. G. Grace, Bethlehem chairman, said last week he saw no economic justification for a steel wage increase, but added, "I suppose the steel industry can't ignore what's taken place in practically all other industries."

U. S. Steel reported yesterday it earned \$59,742,302, or \$2.04 a share, in the three months ended Sept. 30.

Its dividend distribution of common shares will total \$39,164,634. The nine-month income of the corporation was \$178,821,540, equal to \$6.10 a common share and the largest since 1917 when the total was \$180,304,000. This compared with \$133,233,400, or 4.38 a share, in the similar 1949 period.

## Don't Be Fooled By Liquor Lies!

### Read the Record of the Liquor Crowd's Desperate Attempts

1. In 1942 Act No. 1 was initiated by the Dry Forces. The liquor people tried hard and long to defeat it. The Supreme Court ruled against them. Then they spent enormous sums of money in advertising against it. But they failed. It was adopted by the voters by almost 12,000 majority.
2. During the following years, the liquor people tried throughout the State to prevent local option elections. But the courts everywhere ruled against them. The Drys steadily gained ground. Arkansas was, and is, going dry.
3. In 1945 they attempted, in the Legislature, to destroy Act No. 1. . . . our present local option law. They failed again. Then they continued trying to prevent local option elections. But counties, etc., continued to vote dry.
4. In 1947, they made vigorous attempts again in the Legislature to destroy Act No. 1. Those attempts also failed. Now, the liquor forces are angry at what has occurred, and frightened at what they believe will occur.
5. In 1948, the liquor crowd tried to initiate a law which would, in effect, have destroyed local option in Arkansas. And again they were defeated!
6. In 1949, the liquor people again tried to get the Legislature to destroy our local option law, only to be defeated again! Now, they see the entire liquor traffic about to be driven out, and they are desperate! They are attempting on a wholesale scale to deceive the voters. They live on lies and deceit. Don't let them deceive YOU!

### Liquor Underworld and Overworld

A Catholic priest, Father Raymond E. Johnson, at the funeral of a notorious gangster said: "We condemn also the underworld—liquor executives, public officials in high and low places, and the like, who . . . sacrifice every decent principle for their own contemptible and selfish ends."

"The same blood is upon their hands, as upon the villainous characters whom they both use and protect."

### Liquor Makes Criminals

Warden Duffy, of San Quentin Prison said: "In one of our surveys at San Quentin 78% of the men admitted, or their records revealed, that liquor played some part in their downfall."

### SAILOR DIES FROM STAB WOUNDS

A sailor (name on file) stationed at Millington, near Memphis, died at John Gaston Hospital from stab wounds. The murderer stated: "We had several drinks together."

Memphis Press-Scimitar, May 29, 1950

### DRUNKEN DRIVING

Forty minutes after being released from Forrest City jail, an allegedly drunken driver took the life of a prominent Arkansas civic leader and injured seven other people. State patrolman Campbell said the man was drunk and driving 75 to 80 miles per hour.

Commercial Appeal, Memphis, October 15, 1950

### LIQUOR CRIMES INCREASING

A crime syndicate is smuggling vast amounts of liquor into Southern States, Georgia Revenue Commissioner said. Liquor enforcement chiefs from Tennessee, the Carolinas, Missouri, Arkansas and other states met in Atlanta to find a method of combating wholesale liquor law violations.

Arkansas Democrat, March 28, 1950

### WHO WILL VOTE FOR ACT NO. 2?

Christian ministers and other Christians — all who care more for righteousness than for revenue — all who are for homes, churches, good schools, and progress!

WITH WHICH CROWD WILL YOU VOTE ON NOVEMBER 7th

### AMERICA'S GREATEST ENEMY (the legalized liquor traffic)

SKID ROW DRUNKEN DERELICTS: A Los Angeles newspaper reporter's experience: I talked with scores of alcoholics. Not one in five believes in God. Not one in fifty believes in himself; not one in 500 believes there is a way out of Skid Row. Former doctors, bankers, and lawyers share the same bottle with thieves who steal to stay drunk. In a Main Street cafe there is a dishwasher who at one time was a \$25,000.00 a Year Executive. For thousands of human derelicts it is the end of the road. Not one in a hundred will leave it alive; and not one in a hundred cares.

AMERICAN LEGION MAGAZINE for April 1950 says that "the bootlegger is back — bootlegging and moonshining are riding high wide and handsome—the new bootlegger is smarter, slicker, and more scientific than his hoodlum forebears. He is flooding the country with bootleg hooch."

### IN ARKANSAS:

Surveys show there is more bootlegging in wet areas than in DRY areas. One survey reveals 60 bootleggers with federal permits in thirty-eight dry counties, and 384 of them in 37 wet counties. In mid January 1950 there were nine "legal" wholesale dealers in Arkansas, and at the same time there were 18 wholesale bootleggers with federal permits. Twice as many wholesale bootleggers as LEGAL wholesalers.

## Wednesday, November 1

Circle No. 3 of the First Christian church will meet at the home of Mrs. William P. Hardegree with Mrs. Robert Rider, circle leader, presiding. Mrs. Ted Jones will give the next lesson in the study course, "Strong Son of God."

The Womans Auxiliary of St. Mark's Episcopal church will meet at the home of Mrs. C. T. Chambers, Jr., 320 South Pine, at 8 p.m.

The Gardenia Garden Club will meet at 2:30 p. m. at the home of Mrs. Delton Houston at the home of Leond Ellis as co-hostess. Each member is asked to bring an arrangement of fall flowers.

## Thursday, November 2

The Delta Kappa Gamma sorority will meet with the Arkadelphia chapter at 7:30 p. m. on the Henderson campus. Several members of the Hope chapter will attend.

The Hope chapter, number 328, Order of the Eastern Star, will meet at the Masonic Hall at 7:30

p. m. for their regular meeting. Bingo will be played during the social hour and refreshments will be served. Husbands and wives of the Eastern Star are invited for the social hour.

Brownie Troop No. 2, under the direction of Mrs. Ralph Lehman and Mrs. Graydon Anthony, will meet in the basement of the First Methodist church at 4 p. m. Mrs. Manuel Hamm's Brownie Troop No. 1 will also meet. This meeting is called for the purpose of practicing songs. There will be no social meeting.

The Pat Cleburne Chapter of the U.D.C. of Hope will meet at 12:30 p.m. for a covered-dish luncheon at the Country Club. Hostesses will be Mrs. J. W. Branch, Mrs. A. E. Slusser and Mrs. Emmet Thompson.

Friday, November 3  
The Rose Garden Club will meet at 3 p.m. at the home of Mrs. H. O. Kyler with Mrs. S. C. Crow as co-

hostess.

The United Council of Church Women is sponsoring World Community Day service at the First Methodist church at 8 o'clock. All church women are invited to attend.

## Saturday, November 4

Chapter A. E. of P. E. O. will have a rummage sale on the old Haynes lot on South Main.

## Monday, November 8

All Girl Scout and Brownie troops and leaders will meet at 4 p. m. in the First Methodist church recreation room for Court of Awards rehearsal.

## Notice

The Board of Education of the First Methodist church, which was to meet November 1, will meet on November 8 at 7:30 p.m. in the church office.

## Campbell-Jones Nuptials

Miss Opal Campbell recently became the bride of John Perry Jones in the home of Elder and Mrs. Noel Osteen, DeAnn, Ark.

Miss Campbell is the daughter of Mr. and Mrs. V. A. Campbell of Hope. The groom is the son of Mr. and Mrs. Fernon Jones, Prescott.

Attendants were, Misses Betty Bittle, Pearl Davis, Ava Honeycutt, Jean Robinson, Jennell Burkey and Jack Strickland, Neil Waring, and Lovell Montgomery.

Winners at the masquerade dance sponsored by Beta Sigma Phi sorority were announced today. They were: Nelda Leatherman and Jack Sullivan, most original costume; Penny Sullivan and E. P. Young, Jr., prettiest costume; Larry Walker and Olivia Wells, cleverest costume.

## Coming and Going

Mr. and Mrs. H. G. Carstens, Kansas City, Mo., are the guests of Mike Snyder.

Mrs. Lora Jones, Los Angeles, California, arrived Tuesday for a visit with Mrs. E. S. Jones.

Mr. and Mrs. Don Turner, Ben Turner, Miss Audrey Light, and Mrs. Frank Turner spent Sunday in Dallas as guests of Carl Audrey.

## DOROTHY DIX

### Helpless Husbands

Dear Miss Dix: When my boys were small I always shielded them from every hardship, picked up after them, waited on them, never asked them to do any tasks about the house. As a result they grew up completely ignorant of how to run a home. Now they are married and can't afford to have servants, so when their wives are sick the household machinery stops and everything is in utter confusion. My daughter married a man whose mother had taught him to be handy about the house and when my daughter is ill he keeps things running just like clockwork. More than that, he is a great help to her when she is well. Please warn other mothers against making the mistake that I did.

#### REGRETFUL MOTHER

Answer: I have long contended that making a happy home was a two-handed job that required the co-operation of both the husband and the wife, and that the reason that there were so few ideal homes was because men dumped all the responsibility and the work of making the home on the woman and it was too big a job for her.

Should Help in Emergency  
Every husband should be not only willing, but also able to help his wife out in a domestic emergency, and it is a sin and a shame that mothers do not prepare their sons to be real help-meets to the women they marry. They rarely do, however. At home the average boy is treated as if he was the Grand Sultan. Mother waits on him hand and foot. She picks up the clothes that he scatters from

one end of the house to the other. She cleans up the bathroom after he has left it looking as if a cyclone had passed through it. If he comes in late she rushes to the kitchen to heat up his dinner for him. Even the husky lads who have to play ball in the afternoons for exercise are not required to do any chores around the house.

Mothers don't deal so tenderly by their daughters. Girls who have stood on their feet all day behind a counter or working in a factory or pounding a typewriter are expected to help get the dinner and clean up when they get home, but not the boys, though why goodness only knows. It isn't because there is anything occult about cooking or cleaning or dishwashing that boys can't learn that keeps mothers from teaching them how to sweep a room.

To many a nervous, worn-out, overworked woman, a husband who knew how to fix the baby's bottle and who could go out into the kitchen and get a good meal would look like an answer to a prayer and a ministering angel, and have all the romantic heroes in the world backed off the board.

Dear Dorothy Dix: I have been married five months and while I was ready to settle down from the beginning and go domestic, my wife refuses to do so. She goes out at night with her girl friends who are not married. She spends the housekeeping money on cig-  
arettes, movies and finery we

cannot afford instead of food. When I come home at night there is nothing to eat. I am very anxious to make a success of my married life. Can you tell me how to do so?

Answer: The wisest person in the world cannot tell you how to make a success of marriage with that kind of a wife, because she is evidently lacking in love for you and all idea of duty and all sense of what marriage really means. Nothing but a miracle can change a pleasure-mad, selfish, irresponsible woman into the kind of a wife who is a helpmeet to a man. And miracles mighty seldom happen.

It seems to me that now, before there are any children to complicate the matter, is the time to have a showdown with your wife. You must make her understand that you are not going to put up with such conduct, and that she has either got to settle down and be a real wife to you or else you are going to send her back to her mother. Not many girls are crazy about going back home after they are married, and maybe that would bring her to her senses.

Many a wife treats her husband as she does because she thinks he will stand for it, but she would pursue an entirely different line of tactics with him if she knew she would lose her job unless she gave him satisfaction.

Dear Miss Dix: A young couple had a date set for their wedding, but postponed it because of the problem of their duty to their respective parents. The boy's father being dead, the young man feels that they should live with his mother. The girl's family needs her help and she feels that they should live with them. What should they do?

Answer: Set up a little home of their own and live by themselves. This will save all hard feelings and give them the chance for happiness that they would not have if they lived with either's family. (Released by The Bell Syndicate, Inc.)

## Fair Enough

By Westbrook Pegler

Copyright, 1950

By King Features Syndicate.

New York, Nov. 1 — (AP) — President Truman recently appointed a board of board of trustees to prevent to control communist treason in the government. Fuller discussion of this fraud will have to wait, but it may be said that the method here is the same that he and Roosevelt before him used in appointing "fact-finding" boards to deal with union racketeers in great crises. The unions invariably get the benefit of all doubts.

In the present instance Truman has appointed Dr. Kathryn McHale, whose brother is Democratic boss in Indiana. Her qualifications, if any, for the job are belittled by the fact that she was mentioned as a participant in a national conference on the German problem held in New York in March, 1947. This was a rally in which the Morgenthau plan to withdraw all American and British soldiers from Germany and leave the job to Russia and her Iron Curtain countries, with a sop of help from France, which is about one-third communist anyway and no good in any fight with the Soviet Union. The Danish, Dutch and Belgian forces which Morgenthau conjured would not be worth calling up. So, altogether, the Morgenthau plan called for free deliverance of Germany to Russia.

The "call" for the meeting was signed by the Empress Eleanor and Edgar Ansel Mowrer, a Washington propagandist who seems to enjoy the delusions of statesmanship which are common among the alumni of the hotel run back home who infest Washington journalism. Among those listed along the side of the letterhead were Morgenthau himself, La Bocc Grande, and many active members of the Society for the Prevention of World War III. This thing has been promoting the Morgenthau plan ever since it was organized in 1945 under the financial patronage of Isidore Lipschultz, the emigre diamond merchant, who also runs a secret service under the mask of the non-sectarian anti-Nazi league.

Other members of Lipschultz's outfit listed were Morris L. Cooke, Bartley Crum, Richard D. Roberman, Herman Hottel, C. Monro, Glavin, (secretary), Isidore Lipschultz (a sure bet), Lewis Louis Mizer, who wrote a Morgenthau plan of his own, Rev. Guy Henry Shipley, William L. Shirer, Harry Louis Selden, Grant Stout, Mrs. William Dick Spornberg, Mrs. J. Thomas, of the auto workers of the CIO; Mark Van Doren (chairman of the board), and William B. Ziff.

Of these, Cooke, Crum, Murnford, Shipley, Stout, Thomas and Van Doren are cited in the records of the committee on Un-American activities.

The membership of the Society for the Prevention of World War III is secret. Only the board of directors at present 19, the "advisory council," at present 54, and 14 out-of-town members are named. These few include a generous proportion of individuals who for years have been identified with activities and fronts which the committee on Un-American activities exposed.

Thus it is impossible to say whether John Abt, the very first person named on the list of those present, is a member of this society. At any rate, he leads the list, which includes Miss McHale's name, and he has been named in sworn testimony as a member of the Communist party. He himself refused to say under oath whether he was or not.

The name of the Rev. Henry A. Atkinson, described as "secretary of the church peace union," is found. He is named six times in the committee records. C. B. Baldwin, known as Beany, is the secretary of bubblehead Wallace's political party, which was the party of the Communists in the lost presidential election. He organized the political party committee. Having been a busy beaver in the department of agriculture under Wallace, he exerted himself with agents of the Wallace political machine in scattered political jobs at the forks of the creek. He also made several phone calls to Eleanor the great at the Whitehouse in those days although, of course, she was not active in politics. No Wallace quit his own party recently because he couldn't side with Russia in her Korean war against the United States, but Baldwin didn't.

Algeron Black is named 17 times; Morris L. Cooke is well-known to specialists in the politics of the left wing. Crum is a joiner. He was one of them, wisher of the late New York Star, which was a nod to the hide of our sick journalism succeeding the initial lesson known as P. M. Jo Davidson, a sculptor who wears whiskers, is mentioned only twice. But that is a rank injustice. He deserves better recognition.

Martha Dodd is a prize. She is the daughter of the sniveling old creep who was sent to Germany as our ambassador and did his worst to get us into a war and unquestionably had a lot to do with our eventual implication. After he came home, he ran over a colored child in his car and ran away but was caught and fined. Martha seemed to get along well with the Nazis, but she married a friend of Stern, who led a Communist march on Albany after the war. They had as a tenant or guest on their country place, far from the squalor and poverty of New York, George Seligman, the most violent anti-Catholic in the country who apparently was the "factual" source of Eleanor's brutal attack on Cardinal Mindszenty which eventually prompted a Cardinal Splinter to brand her an outright anti-Catholic.

There are six notorious known Communists on the roster of the conference and 30 well-known fellow travelers.

The "call" in the true jargon of the cult, said is "urgent that the American people re-examine the German problem and support the implementation of those principles which were originally established by the allies to prevent the resurgence of a strong Germany."

The American people had nothing whatever to do with the meeting. It was entirely in the hands of a few self-important individuals and gave no offense to the overt Communists and Covert Communists who took part.

By The Associated Press

Today A Year Ago — Joe McCarthy agreed to manage the Boston Red Sox for two more years.

Five Years Ago — George M. Trautman became general manager of the Detroit Tigers, succeeding Jack Zeller.

Ten Years Ago — Villanova whipped Kansas, 33-7, and Wake Forest blanked George Washington 18-0, in college football.

Fifteen Years Ago — Primo Carnera knocked out Walter Neusel of Germany in the fourth round at Madison Square Garden.

Not that hungry," She made herself smile.

"Eat anyhow," Sondra suggested. "You'll need all the support you can get today—physical and moral. So will we all. Food won't hurt you any."

Ominous as her words were, they were no match for the flint that struck sparks in her cold grey eyes—eyes that, Leana knew, could sparkle with warmth for a man. For Mart Preston.

Biting the jealous twinge in two, she said, "Is Deputy Preston around this morning?"

"Mart to you, darling," Sondra said cattily, and chuckled. "Don't think I haven't caught the way the wind blows between you two!"

Leana flushed, much to her disgust. It gave Sondra another pin to stick into her poise at the proper time.

"Why not?" said Jasper unexpectedly. "Why shouldn't Cousin Leana get herself a man? Thorne Hill must have been pretty dull with no one but us Thornes around."

"Never dull, Jasper. Not exactly pleasant, but—" Leana stammered.

DULL red had spread upward from Jasper's open shirt collar. He lurched to his feet, swaying unsteadily.

"Don't touch me!" he snarled at Sondra put out a restraining hand.

"But Jasper—" She started forward again as Jasper drew back.

"Don't I say!" He slapped her hand much as he might have swatted a mosquito, and Sondra shrank from him. "Won't you ever learn, Sondra? I won't be taken in again! I hate you. I never want to see you again after this. This is over and the police will let you leave. I—I'm sorry I ever gave you the name of Thorne."

"You're sorry?"

Throwing back her head until the pulse in her lovely throat beat tantalizingly near his long lean fingers, Sondra laughed shrilly. And kept laughing, edging nearer and nearer Jasper's head of murder and fear on continued fear, suspicion—terror.

Princeton, N. J., Nov. 1 — (AP) — Princeton's Charley Caldwell, one of the leading teachers of "ol fashioned" single wing football, isn't encouraging other coaches to copy his pet formation. "I hope they all stick to the T," he said, "and they find it harder to defend against our team." There's really nothing old fashioned about Princeton's football, except the idea of only playing students. The Tiger attack, one of the nation's most effective, features deception of the basest kind, including handoffs, laterals and typical T-formation faking. One of Caldwell's biggest problems is teaching it to youngsters who only played the T in school. "We have our freshmen use the same plays and the same signals as the varsity," Charley explains. "We have to do a lot of moving around with them, trying boys at new positions."

But I believe a real football player can play almost any position, so when I have a sport to fill on the varsity, I work my best freshman balleyer there. Then in spring practice, the coaches spend two weeks just with the freshmen, and by that time they are ready to fit in."

Free Sample

One reason for Princeton's success this season is that Quarterback George Chandler is an experienced senior. Another is that Tailback Dick Kazmaier played both that position and "T" quarterback at Maumee, Ohio, high school. When Kazmaier ran 70 yards to score against Cornell last week, he feinted toward the left side of the unbalanced line, faked a handoff to Wingback Bill Kleinsasser, then sneaked through right tackle while Chandler and a guard aided in the deception by running interference for the wrong man. He actually had only one block to help him, one which Fullback Jack Davidson put on the defensive end.

Trick Stuff

Although Princeton's team is noted for smartness, the Tigers have been in difficulty a couple of times this season through having only ten men on the field. "If it happens again I'll put it in as a regular play," Caldwell says. "I'll call it the 'bench keep'—have one man on the bench until the runner comes past, then send him out to make the tackle and say 'That's my eleventh man!'"

Not in Good Health

Caldwell's imaginary play isn't much better than one reported last weekend by Oklahoma U. players. Leon Heath, Oklahoma's star fullback, was kept on the bench by a bruised shoulder when the Sooners played Iowa State. Late in the game, with the score 20-7, the athletes heard an Iowa youngster remark: "Daddy, we're not doing so bad, are we?" Daddy looked glum and replied: "Nope, but if we do any better they'll get that Heath in there."
